xDefenders become HP Re-sellers; will run its DefenderWall™ Security Software on HP Servers

Press Release

January 26, 2005

xDefenders, LLC
6780 Pittsford Palmyra Rd Ste 3A
Fairport, NY 14450
Attention: Michael O'Brien

Hewlett-Packard Company (HP) is pleased to inform you that effective January 26, 2005, xDefenders LLC is an HP Authorized Business Development Partner pursuant to the terms and conditions stipulated in the HP U.S. Business Development Agreement ("BDA"). xDefenders LLC, as an HP Authorized Business Development Partner, is eligible to purchase and resell certain HP Imaging, Printer and Personal System Products from the HP Authorized Distributor of your choice.

Thank you for your interest in Hewlett Packard's Business Development Partner Program and we look forward to a mutually beneficial business relationship!

xDefenders is a team of information security professionals focused on helping organizations protect the confidentiality, integrity and availability (CIA) of systems, networks and information assets. The Company provides Professional and Managed Security Services to over 100 clients in 23 states.

Its **DefenderWall™** software has been certified to run on the HP DL140 server family and delivers network and application-layer, Intrusion Prevention (IPS) and Intrusion Detection (IDS) services. It is an Internet security appliance that integrates advanced security protections and is offered as a "Managed Service".
