## Press Release

### New Partnership Blends Information Security and Secure Banking Services

A new partnership between Suchak Data Systems, Inc. of Grand Island, NY and xDefenders, Inc. of Fairport, NY was announced today to offer comprehensive Information Technology, Secure Banking Systems and Information Security Services by both companies with a focus on providing these services to community-based financial institutions.

Suchak Data Systems, a boutique provider of technology solutions dedicated to the community-based financial industry, has been in business since 1981 and continues to expand its diverse set of solutions and services.

As Suchak Data Systems strives to stay ahead of the technology curve, they pay close attention to the many compliance and security issues that are critical to their industry and also incorporate their unparalleled customer support in all they do. Suchak Data Systems' products and services include their flagship core processing system Integrated Banking System, Web Banking, Voice Banking and ACH Origination Systems and are available in service bureau or in-house options. SDS also provides ATM/POS Processing and Image-based Item Processing, Document Imaging, Statement Processing, COLD, Remittance Processing, Disaster Recovery Services and more, as part of their service bureau offering. All of the products are fully integrated or can be integrated with other products.

xDefenders provides a full range of Information Security Services, including Vulnerability Assessments, Security Audits and 24x7 Managed Security Services using their DefenderWall™ suite of security applications. Supporting these tactical security solutions is its Security Operations Center, professionally staffed 24x7x365. xDefenders is also a re-seller of ZixCorp® secure email solutions.

The partnership was forged to leverage the marketing capabilities of both the companies to bring single-source solutions to companies that do not have the full-time staff or the technical knowledge base required to provide these services internally.

For more information, contact Dave CuvIELlo of Suchak Data Systems at 716-773-1483 x101 or Jeff Thon of xDefenders at 585-385-2770.
